PREFACE

VET First Grade College is one of the units of Vasavi Educational Trust, which came into existence under the dynamic leadership of Sri. B.V.Rathnaiah Setty, the founder President of the Trust in the year 1979.

VET First Grade College started in 1995 offering Undergraduate courses, aiming at providing quality education and enrichment of our cultural heritage to the students from all walks of life.

VET First Grade College, a premier institution of learning, is situated at Karnataka in Bangalore District. The College is located in urban area and is well linked by roads and local buses, hence one can have easy access to the College campus for pursuing various under graduate courses being run by the institution for the promotion of knowledge and professional abilities required in the competitive world of today. Institution is affiliated to Bangalore University, registered under 2f category of the UGC, New Delhi.

VET First Grade College decided in November 2011 to invite National Assessment and Accreditation Council (NAAC) for accreditation process. The process began by Principal with the consent of management by nominating the staff who were involved in various activities of the institution to work. Steering committee coordinator has also been nominated towards fulfillment of various norms required by NAAC with strong team.

Principal and co-ordinator have gone through and studied the entire process by visiting the NAAC site, reading NAAC publications, news letter and talking to officials in Bangalore and delivered a presentation to management, HOD's, Staff and other office bearers. This was at making everyone aware about the enormity of the entire job and to generate excitement and enthusiasm in their minds so that they would not consider the impending paper work as a waste of their precious time. The entire work was planned and responsibilities were given. Subsequently, during a number of meetings the entire information was compiled and the draft of the self study report was prepared. This was again discussed, reviewed at various levels and the final Self Study Report (SSR) was generated.

During this journey of going through the criteria of NAAC we at VET First Grade College have found the whole process very gratifying. We are able to look at our strength, weakness, opportunities and threats objectively. We at VET First Grade College look forward to improve further to benefit all the stake holders – the students, faculty members, academic, industry, alumni and the society at large.

EXECUTIVE SUMMARY

Vasavi Educational Trust was established by the foresight and dynamic leadership of Sri. B.V. Rathnaiah Setty the founder President of the Trust in the year 1979. His visionary innovative and progressive ideals motivated like minded people from various fields to join hands with him to provide quality Education. The Goals of VET are to provide quality Education and enrichment of our cultural heritage, to the students from all walks of life. The activities of the Trust began in late 70's by starting VET Nursery and Primary School. At present the Trust runs two schools, PU College, Polytechnic and Degree College.

VET First Grade College is one of the units of the Vasavi Education Trust established in the year 1995 offering B.com course Affiliated to Bangalore University aiming at providing quality Education and enrichment programs. Gradually it has added B.Sc FAD in the year 2004 and BCA in the year 2009, apart from this College also offers enrichment and value added courses.

The College has been recognised by UGC and included under 2(f) in 2012. College has strength of 410 students and a Teaching Staff of 17. The College has maintained high quality in Academic pursuits. It has state of Art, Laboratories, constantly Staffs are well equipped in latest technology in Teaching. College gives equal importance to the Sports which adds to the Personality Development, popular in organising Inter College Cricket Tournament, often Guest lectures, Work shops, seminars are organized inviting subject and Industrial experts.

The overall control of the College is extended to the Governing body of the VET which consists of President, Vice President, Secretary, Joint Secretary and Treasurer. There is also an Academic Governing council committee consisting of Bangalore University nominees looking after the academics and other administration of the College. This pattern is nothing but devotion, dedication, consistency in utilizing, striving hard and inspiring Teachers, motivated students helped by Non teaching staff, encouraged by ideas and incentive, non interference of ethical value, excellence in education by Management. The average strength of the student which was 114 in 2004 - 05 steadily increased to reach 410 in 2012 - 13.

VET First Grade College affiliated to Bangalore University is offering Undergraduate courses like B.Com, B.Sc FAD and BCA. Hence, the curriculums prescribed by the University are taught to students. Short term and certificate courses are prescribed as additional benefits to the students in the form of learning other than regular Universities curriculum courses like :

- Importance of salaries in IT.
- CPT crash course.
- Tally ERP 9 version and Advance excel.
- Hobby ideas.
- Programme in Developing WPF and ASP.Net application

are offered to enrich their knowledge and enhance employment prospects in their chosen field.

Seminars, Guest lecturers and workshops are organized in association with various organization Internship, term projects, Product Development, In house training, Industrial visits are conducted for technology awareness, practical knowledge and Skill Development of the students.

College has its own calendar of events apart from Bangalore University. Calendar has been prepared considering all meticulous events of Bangalore University and Institution reflects conducting of two tests, Preparatory Examination, Assignments, Talent hunt, Fashion Fiesta and other co-curricular and extra curricular activities.

College has organized many programmes to ensure holistic development of students like Blood donation camps, Environmental day, Teachers day, Independence Day, Tobacco free day. Guest lecturers and workshops on health and hygiene, Child labour, social values, Parental responsibility through Art of Living disciples and Spiritual leaders.

The vision of the modern world is ICT, which is extensively used in teaching learning process in the Institution.

The Research committee has been constituted to monitor and address the issue of Research at Undergraduate level wherein every year topics for projects to be submitted in partial fulfillment of award of Degree by Bangalore University is taken up by the students of B.Sc FAD and BCA students which becomes a base for their future Research work. Committee also motivates the Faculty to take up Research activities which results in persuasion of PhD, M.Phil, M.tech, and UGC / NET. Teachers contribute through publication, paper review and guidance to the students.

The College magazine “DRUSHTI” and notice board journal “PRATHIBIMBA” (REFLECTION) provides a platform for students to express their thoughts and opinion. The average result of the College is good which is above the University average. We take pride in the fact that the institution opens their door even to the low achievers and first generation learners and transforms them into confident and capable efficient Graduates.

The College has signed memorandum of understanding with different organization to facilitate various activities with institute and Industries for exchange and development of student programmes like Indian Can, CL Educate Ltd., NIIT, Pidilite Pvt Ltd. etc.

Extension activities like Blood donation camps, Anti corruption rally, Environmental day, Health / Aids awareness programs and other activities and issues are conducted to create social and moral responsibilities among the students. From 2012 our NSS wing is actively organizing regular programs and special camps also.

The College is endowed with excellent physical infrastructure facilities to cater to the modern requirements and best support for teaching learning process. It includes 2.63 acres area of land with a built up area of 74620.99 Sq feet. The classrooms are well equipped with latest teaching aids Audiovisual room, Business lab, Library, Textile testing lab, Wet processing lab, Design lab, Pattern making lab, Sewing lab and Electronics lab and well equipped computer lab with internet facilities is provided with computer softwares as per the curriculum. Principal office, Board room, Staff rooms, HOD rooms, rest rooms, Administration office are various other rooms and labs which are equipped with latest scientific equipments as prescribed by the University. The Auditorium has the capacity to accommodate 400 people, is well designed with Video Conferencing facilities, good sound system and seating facility. For big functions we have open air theatre which accommodates good number of people.

The College library with modern structure is very economically and judiciously built which has good number of collection of Books, Journals, Newspapers, Reference books and other supporting facilities.

Trust has also provided hostel for boys, privilege is extended to Degree students. However at Degree College all students are from local area, hence inmates are nil. Other facilities like canteen, Bank, drinking water facility and uninterrupted electricity with back up facilities like generators and UPS to basic places are provided.

College is located in the center of the city, BMTC-bus facilities are adequate for the Staff and Students to commute. The environmental beautification of the campus has been done by planting thousands of saplings which can be grown with less annual rainfall, around the campus the Bangalore Corporation has provided good tar roads.

College supports Sports especially today's fond game Cricket for which College organizes Intercollegiate Tennis Ball Cricket Tournament annually. It also gives platform to conduct all kinds of outdoor games like volleyball, Throw ball, Dash Race, Relay etc, Indoor games like Chess, Table Tennis, Badminton, and Carrom etc

VET First Grade College is well known as VET FGC and its innovative approach in teaching and learning. Classes are commenced every day with prayer to Almighty. At VET FGC admissions are not only based on merit and social status, but also keeping in view of the reservation policy of Government of Karnataka and rules and regulation of Bangalore University.

Advertisements are given regarding admissions and appointments in the leading News papers and also leading local channels. Complete details are placed on VET website vetinst.org and complete transparency is maintained in the admission and administration process.

Applications are invited from students of various Undergraduate courses offered by the College. Admission will be based on personal interview with Parent and candidate by President / Secretary and Principal of the College apart from marks scored by individual at 10+2 level.

The students after admissions are assessed through periodical test, assignments, preparatory examination. Before the commencement of the academic year, complete plan related to subject allotment, preparation of Class Timetable, Subject Timetable, Master Timetable and Semester teaching plans are chalked out, the lesson plan is verified by the Principal periodically, short comings, suggestions if any are discussed in Faculty wise meeting. ipomo smart attendance, computer, internet , audio visual aids and multimedia facilities like LCD Projector, OHP, DVD player are available .The trained faculty are also available which helps the other faculties to use them efficiently. Today the College has 17 faculty members out of which 3 are M.Phil holders, 2 have cleared NET examinations and one pursuing PhD.

Selection of the faculty is purely based on qualification prescribed by UGC norms, experience, performance at interview and demo lecture are some of the criterias for the selection. Staff members are assessed through self assessment, results at their respective subjects, and way of taking up other duties and responsibilities and feed back from the students periodically. Staff members are given financial and non financial benefits like annual increment, casual leave, medical leave, maternity leave, duty leave, allowances / conveyance to travel for College work, to attend Seminars / Meetings.

The Mission, Vision, Goals and Objectives of VET First Grade College addresses the needs of the society, students, Institutions, traditions, value of orientation and vision for the future.

The College is unwavering in its commitment to create and sustain an ambience in campus that is most constructive to learning that will facilitate blossoming of the potential of the students and development of its personality. College is governed by Board of Management headed by the President and Honorable. Secretary; further powers have been given to the Principal supported by the Departmental heads. Principal ensures that all the provisions of the University by laws, the statutes and the regulations are observed. She provides Academic leadership in association with various faculties, evolves strategies for academic growth.

The College believes in decentralized leadership to put this into practice , faculty is actively involved in the academic decision making process through various committees like IQAC, Examination Committee, Equipment Purchase

Committee, Placement Cell, Alumni Associations etc. Decentralized functioning mechanism empowers the departments and individual faculty with great level of flexibility in academic and administration

Management involves in rigorous selection procedure are in place to recruitment to continue the services of well qualified Teaching faculty where progress and contribution to the Institution is monitored through appraisal and student feedback. Faculties are encouraged to pursue higher studies like M.Phil, Ph.D and also permitted to attend seminars and workshops. Budget allocations are done systematically and the financial statements are audited by qualified auditor. There is a good opinion about College by the Bangalore University officials. Discipline, Planning, coordination and communication are the strategies for the team which works to achieve the Goal of the College.

College is surrounded with good green ambience by planting of green plant, and the plan is to form an herbal garden. It is surprising to see such greenery around, which is well maintained in and around the campus. Energy Saving bulbs is used, use of glass windows and walls at Library and class rooms enhances natural light and ventilation. Water harvesting is maintained. Hazardous waste is not generated in the College, however waste papers, carton boxes etc are sent to recycling. Ipomo smart attendance has been introduced to update the Parents / Guardians about their wards attendance or performance at the Academic. Weekends messages to the Parents / Guardians of irregular students are sent about their attendance status. This will make Parents and students to know their short coming.

In innovative practices Institute issues Newspapers to the students everyday at free of cost, as Newspapers are window to the world and play a crucial role in mentoring and empowering children as they bring perceptible changes in the skill-set. Newspaper exposure makes each student a better learner, better problem solver and surely a better leader. Newspaper in education helps the students in acquiring life skills that go a long way in the holistic development of the child which is incorporated for the overall development of the student.

Strength and opportunities - Weakness and Threats

VET First Grade College believes in spreading quality of education rather than increasing number of courses. As College states in its Vision, Mission, Goals and Objectives it has always maintained societal and student centric. It strives hard to provide quality education at the best fee structure along with value added courses and certificate enrichment programmes.

The strength of the College is the pillars of the Institution, well qualified experience, and dedicated faculty. It is the healthy relationship of various Departments resulted in improvement of strength and Academic progress. College also follows innovative method of teaching with conventional method. It has a history of conducting Guest lecture, Workshops and other outreach programmes which creates confidence amongst the students.

VET First Grade College believes the moral responsibility to live upto the expectation of the society by providing contemporary education through projects inhouse training, Industrial visits which gives a base to the students to initiate their Research work. Most of the faculties are appointed for Undergraduation examination work and also for other academics, Principal is a Academic governing council member at Bangalore University and Joint Secretary to Bangalore University First Grade College Association which will help in balancing and having a cordial relationship with College and University.

Career orientation programme, Placement programme are given equal importance to provide choice for the students either to study or for employment. The College facilitates maximum participation of students in Cultural and Sports activities

Despite of many Degree Colleges mushrooming within a radius of 2 kms, the College is increasing its strength and popularity in the area year after year sincere efforts are being made to provide quality education at affordable cost as most of the students are first generation learners and students from such background are moulded at this Institution to bring them on par with other students.

As per the UGC norms faculty qualification should be Ph.D / M.Phil / UGC / NET for appointment of Undergraduate courses. It is difficult to get such eligible candidates. However, Institution appoints best post graduate candidates through proper appointment procedures and promote the faculties to take up the Research work and acquire necessary qualification as per the UGC norms.

Conclusion

VET First Grade College from its humble beginning in 1995 to its present status as one of the best education Institution in Bangalore in the state of Karnataka with a Vision, Mission, Goals and Objectives to impart value based quality education and transform our students into self reliant individuals who are an asset to the nation. The dynamic management with the holistic thought is eveready for rapidly change in work to provide curricular, extra curricular and co curricular activities, in which students are trained to match the global standards. Our state of art infrastructure, committed staff provides a strong foundation to the students.

For the development of student they are encouraged to participate in various student symposiums like regular seminars, topic based for effective understanding of subjects to improve communication skills, stage fear etc are nurtured, participation in various co-curricular activities, fashion shows, poster competition, quiz, other competitive exams and contests are conducted.

Industrial visit are conducted, in business lab they are exposed to various nuances of banking, marketing, HR, accounts, etc.

Fashion shows expose them to various nuances of fashion industry to develop themselves into budding designers, event managers and visual merchandisers.

2.3.5 What are the technologies and facilities available and used by the faculty for effective teaching? Eg: Virtual laboratories, e-learning - resources from National Programme on Technology Enhanced Learning (NPTEL) and National Mission on Education through Information and Communication Technology (NME-ICT), open educational resources, mobile education, etc.

Lectures are taken by using audio visual aids, attendance through mobile in association with IPOMO, expert lectures of subjects are taken by industry experts. Computer lab is available to all students on 1:1 ratio not only to cover the Bangalore University syllabus but also to conduct other Add on programmes like .NET, Tally, AutoCAD etc.

Practical subjects in B.Sc FAD are given importance by using latest technical equipments like Unistretch, Atira fineness tester, Twist tester,

Drapometer etc. and Rich Peace software, CorelDraw for B.Sc FAD students.

For BCA course softwares which are helpful to students with computer application like Java, C++, Photoshop, CorelDraw, Visual Basic, MS-Office etc. are being provided at computer lab. Internet accessibility is also provided to students and staff.

2.3.6 How are the students and faculty exposed to advanced level of knowledge and skills (blended learning, expert lectures, seminars, workshops etc.)?

For students expert lectures, industrial visit, seminars, workshops are regularly organized. They are also encouraged to participate in curricular and co-curricular activities also.

Faculty members and students are encouraged to read and refer books, journals, magazines and sponsored faculty development programmes to keep abreast with state of art technology. They are encouraged to participate in seminars, workshops conducted by various Colleges.

References books, course materials, text books are periodically updated to keep pace with the rapid changes.

2.3.7 Detail (process and the number of students / benefited) on the academic, personal and psycho-social support and guidance services (professional counseling/mentoring/academic advice) provided to students?

Yes all the students are assigned a faculty advisor/mentor for academic and personal guidance.

For faculty of BCA and B.Sc FAD one counselor per 25 students and for commerce one counselor per 30 to 50 students. Personal guidance is given to slow learners. They are also encouraged by giving additional assignments and special attention during lab and class hours. Further College teachers act as true friend, philosopher and as a guide to the students throughout their academic stay in the College.

2.3.8 Provide details of innovative teaching approaches/methods adopted by the faculty during the last four years? What are the efforts made by the institution to encourage the faculty to adopt new and innovative approaches and the impact of such innovative practices on student learning?

Better access to internet has enabled faculty members to provide more of real time and challenging assignments to the students. Many subjects curricular have been updated by Bangalore University as per current trend and College is following Bangalore University instructions and requirement. More number of lectures are conducted with power point based teaching electives are offered. Workshop on curriculum development is organized regularly in association with senior academicians and industrialist. Some courses like BCA and B.Sc FAD students prepare their projects by undergoing in depth training in the industries for a month.

Learning experience such as :

- Hands on experience through mandated internship especially for B.Sc FAD.
- Industrial visits
- Group discussion and workshops.
- Learning through PowerPoint presentation.
- Participation in National and State level seminars.
- English language teaching.
- Interactive sessions.

2.3.9 How are library resources used to augment the teaching-learning process?

Library provides open access facilities which helps easy access and use of library as a learning resource.

Library is kept open to authorized students and access entry is checked with students ID cards.

All students are given ID cards and borrowers card for having direct access to library.

Staff may access the library with the appointment order from date of appointment.

Library committee and librarian monitor the proper control over the safety of library books and other study materials, stock verifications is done once in a year.

Entry and exit into the library building is physically monitored and recorded personal possessions like bags and books are to be deposited at the counter at the entry

Library staff is well trained and sit at entry and exit points to keep a watch.

2.3.10 Does the institution face any challenges in completing the curriculum within the planned time frame and calendar? If 'yes', elaborate on the challenges encountered and the institutional approaches to overcome these.

No, as faculty follows the calendar of events, lesson plan and time table framed by the Institution no such challenges are encountered.

2.3.11 How does the institute monitor and evaluate the quality of teaching learning?

Course preference: By the end of the academic year the list of courses for coming Academic year will be finalized by the management based on the needs of the localite and demand for the course.

Subject allocation: Based on the courses offered by the College, the head will finalize the subject allocation for the faculty members usually subject allocation is done at the end of the one semester to beginning for the next semester. Each staff will have minimum 2 months duration for preparation before the commencement of the semester. By the start of the semester, faculty members will be able to prepare the course plan, assignment question, test papers, preparatory for their respective subjects.

Time table: We have a time table committee in each faculty/department that sets up the time table. In all programs, we follow the guideline of respective statutory bodies for number of credit hours for each subject we maintain/prepare.

Class time table: Personal time table, master time table and class time table are also maintained.

Evaluation policy: Two unit tests are conducted every semester to prepare the students to Bangalore University examinations.

Remedial classes: Weak students will be given extra coaching to understand and clear the subject in the semester examination.

Attendance: A minimum of 75% attendance is must to appear for the Bangalore University semester examination. It is strictly followed.

Academic calendar: Keeping Bangalore University calendar in the mind College is also plans for every academic year, semester wise calendar of events are also prepared.

Through IQAC Principal monitors the lesson plan, master timetable, class timetable, conducting of classes and other activities to evaluate teaching activities the students are asked to provide feedback both formally and informally. The IQAC cell analyses and rectifies the issue. The process of learning is evaluated through unit test, preparatory examinations and assignments.

2.4 Teacher Quality

2.4.1 Provide the following details and elaborate on the strategies adopted by the College in planning and management (recruitment and retention) of its human resource (qualified and competent teachers) to meet the changing requirements of the curriculum.

Highest qualification	Professor		Associate Professor		Assistant Professor		Total
	Male	Female	Male	Female	Male	Female	
Permanent teachers

The recruitment is mainly done through the open process, advertisements are released in national dailies, whenever vacancy arises application are invited. Waiting lists are short listed based on eligibility candidates are invited for preliminary interview and depending on the demonstration candidates are selected for appointment. Final candidate will be interviewed by the President, Secretary and Principal of the College. Selection will be based on the performance of candidates in the demonstration. College has the required number of qualified and competent Staff. While giving the appointment preference is given for candidates with Ph.D qualification and SC / ST.

Candidates following the roaster system appraisals are done on yearly basis and pay scale are revised. Faculties are motivated to pursue higher education.

2.4.2 How does the institution cope with the growing demand/ scarcity of qualified senior faculty to teach new programmes/ modern areas (emerging areas) of study being introduced (Biotechnology, IT, Bioinformatics etc.)? Provide details on the efforts made by the institution in this direction and the outcome during the last three years.

No, such courses are offered by the College.

2.4.3 Providing details on staff development programmes during the last four years elaborate on the strategies adopted by the institution in enhancing the teacher quality.

a) Nomination to staff development programmes

Academic Staff Development Programmes	Number of faculty Nominated
Refresher courses	02
HRD programmes	01
Orientation programmes	02
Staff training conducted by the University	02
Staff training conducted by other institutions	01
Summer / winter schools, workshops, etc.	-
Workshop	06
Seminar	09
Conference	02

b) Faculty Training programmes organized by the institution to empower and enable the use of various tools and technology for improved teaching-learning

- ❖ **Teaching learning methods/approaches**
- ❖ **Handling new curriculum**
- ❖ **Content/knowledge management**
- ❖ **Selection, development and use of enrichment materials**
- ❖ **Assessment**
- ❖ **Cross cutting issues**
- ❖ **Audio Visual Aids/multimedia**
- ❖ **OER's**
- ❖ **Teaching learning material development, selection and use.**

Teaching learning methods/approaches: Computers, internet, audio visual aids and multimedia (LCD) are available in the College. The trained staff is also available which helps the other faculties to use them efficiently.

Handling new curriculum : Qualified and experienced faculties of VET First Grade College handle the new curriculum effectively and efficiently and few faculties are members of Board of Studies and Academic Governing council in Bangalore University. However, whenever Bangalore University or other Institution organizes any training programmes with respect to handling new curriculum, assessments, conducting of examination, faculties were deputed.

Content / knowledge management: Staff are deputed for State, National, International seminars, Industries, Exhibitions, Field visits etc. which enhances the required knowledge.

Staffs are also deputed as resource person and for paper presentation at various Institutional seminars.

Assessment : The self appraisal results involvement and execution of job assigned in curricular, co-curricular and extra curricular activities at institution are yard stick for the promotion and increments of the faculty.

Cross cutting issues : Indian constitution, Environmental Studies, Computer Fundamentals are the compulsory subjects which is a part of Bangalore University curriculum which enlightens the students regarding cross cutting issues like climate changes, gender, health and hygiene, latest technologies, environment etc.

Audio Visual Aids/multimedia : Faculty members are provided with computer and internet facility for preparation of teaching / learning. Materials like LCD projectors and other audio visual aids are provided to make teaching more effective.

OER's (Open Education Resources) : Personal teaching materials are prepared by the staff members in their respective subjects and the same will be shared among colleagues and students.

Teaching learning material development, selection and use : Faculties are free to access computer with internet browsing to prepare the required materials. Institution library is rich in providing the resource books to staff and students. Qualified and experienced faculties are well versed with new technology to access latest technology.

c) Percentage of faculty

- * **invited as resource persons in Workshops / Seminars / Conferences organized by external professional agencies**
Invited :- 10% .
- * **participated in external Workshops / Seminars / Conferences recognized by national/ international professional bodies**
Participated :- Around 60%.
- * **presented papers in Workshops / Seminars / Conferences conducted or recognized by professional agencies**
Presented papers :- 10%.

2.4.4 What policies/systems are in place to recharge teachers? (eg: providing research grants, study leave, support for research and academic publications teaching experience in other national institutions and specialized programmes industrial engagement etc.)

Teachers are encouraged to take up further studies for which they are sent on deputation, study leave is given, they are also encouraged to attend faculty development programme.

Faculty are also encouraged to attend National and state level conferences, seminar and workshop.

Many staff members like Sri. Narayanswamy.S.G, Sri.Rangaswamy. H.T, Smt. Sandhya Venugopal, Smt. Bharathi P.S., Smt. Ambily were encouraged to study further. More than 40% of faculty has availed duty leave to attend examinations and participating and presenting papers at various conferences.

2.4.5 Give the number of faculty who received awards / recognition at the state, national and international level for excellence in teaching during the last four years. Enunciate how the institutional culture and environment contributed to such performance/achievement of the faculty.

Prof. R. Parvathi has received Shiksha Bharti Puraskar award from All India achievers foundation, New Delhi.

No formal rewards have been received for excellence by other faculty member but management has recognized the services of the staff for producing centum at University exams cash awards are awarded for their performance.

2.4.6 Has the institution introduced evaluation of teachers by the students and external Peers? If yes, how is the evaluation used for improving the quality of the teaching-learning process?

Yes, at the end of academic year a feedback by students on a prescribed format is taken, the contents are noted the short comings are solved by taking necessary actions if required.

The teachers are also motivated by giving them rewards and awards for centum results in their respective subjects for each semester and many awards have been won by them every semester. This shows the involvement and academic excellence they are striving to obtain, which is praised by management and helps in improving the quality of teaching and learning process.

2.5 Evaluation Process and Reforms

2.5.1 How does the institution ensure that the stakeholders of the institution especially students and faculty are aware of the evaluation processes?

Students : Calendar of events containing unit test, preparatory exam, co-curricular and extra curricular activities are prepared by the Principal.

Internal assessment, Attendance, timetable, notices from Bangalore University, institution circulars, results are published on the notice boards for the students knowledge other than conducting orientation to the students at the beginning of the semester.

Faculty : At the end of the every semester students give feedback of faculty members on their teaching skills in a prescribed format designed and at the end of every academic year confidential papers are being filled by individual faculty are submitted to Principal. Principal evaluates individual faculty members report and forwards it to management for their comments and actions.

Parents and Other Stakeholders : Parents are briefed about University and Institution rules and regulations at the time of admission, inauguration and also at the Parents Teachers meeting. Reporting circulars, attendance, internal assessment marks are conveyed to parents through automation facility (IPOMO Software).

2.5.2 What are the major evaluation reforms of the University that the institution has adopted and what are the reforms initiated by the institution on its own?

Institution is affiliated to Bangalore University and follows the rules regulations and norms framed by it. As per the University

- Examination, evaluation works are made compulsory for teachers having 3 years or more teaching experience.
- Introduction of compulsory subjects like Computer Fundamentals, Environmental Studies and Indian Constitution.
- Compulsory subjects are made objective type examination and introduction of OMR.
- Change in the syllabus especially for B.Com and B.Sc FAD courses are adopted.
- Declaration of examination center and decentralization of evaluation centers.

As per the reforms of University College is deputing the senior faculties to evaluation work, compulsory subjects are taught and examination conducted as per Bangalore University regulations.

As VET First Grade College is recognised as exam center, 8 Colleges are tagged from past many years. Examinations are conducted as per rules and regulations of Bangalore University. Any changes in the syllabus and content of the subject are noted and implemented accordingly.

College also has reforms for the betterment of the students like

- Two unit tests and preparatory examinations are conducted as per Bangalore University pattern of examination.
- Assignments are made compulsory.
- Parents Teachers meeting are held to know their wards progress.
- Seminars and class room interaction to improve confidence and communication skill within the students.

2.5.3 How does the institution ensure effective implementation of the evaluation reforms of the University and those initiated by the institution on its own?

College follows the curriculum framed by Bangalore University. Students are taught and examinations are conducted as per the University norms, senior staff are deputed to examination work like paper setting, practical examination, coordinator, squad duty etc. Institution also adopts internal evaluation methods by conducting co-curricular and extra curricular activities as stated earlier.

Staffs are rewarded for recurring centum at their respective subjects in the University examination. They are given cash prize and certificate too. Two unit test, preparatory examination and assignments are given every semester for the students to ensure to appear and score better in semester examination conducted by Bangalore University. However University gives a chance to reappear for examination that who have failed in semester examination and who aspires for improvement of marks.

2.5.4 Provide details on the formative and summative evaluation approaches adopted to measure student achievement. Cite a few examples which have positively impacted the system.

Formative Evaluation : The College closely monitors the performance of the students thus continuous evaluation method it compresses of two unit test, assignments, lab exam and preparatory exam other than University examination at the end of the semester. Progress reports of the students' performance for each unit test along with attendance are sent to the parents however every Saturday students who are not regular to the class also will receive an alert from IPOMO.

Summative Evaluation : The University conducts summative evaluation of the students at the end of each semester through conducting written examination, practical examination, project work and viva voce depending on the nature of the course.

2.5.5 Enumerate on how the institution monitors and communicates the progress and performance of students through the duration of the course/programme? Provide an analysis of the students results/achievements (Programme/course wise for last four years) and explain the differences if any and patterns of achievement across the programmes/courses offered.

Attendance is taken for every lecture and laboratory hours, assignments are given every semester, valued and internal assessment marks or grades are assigned based on this and at the end of the semester blue books are evaluated and discarded, cumulative attendance is also maintained to alert the students well in advance so that their shortcomings are known this makes the students make up their attendance.

From academic year 2010-11 the College has introduced mobile attendance in association with IPOMO in this advanced system every weekend parents receive message if their wards are irregular to the class.

In a semester 2 unit test and 1 preparatory exam is conducted other than promotional semester exams by Bangalore University. At end of each unit test progress reports which consists of unit test results status and attendance are sent to parents at the end of semester progress report is handed over to the students.

Counseling is given to slow learners, Parents of such students are called to meet Principal and their respective faculties, if required all lab courses are continuously assessed students, who lack in these courses are given additional coaching and guidance.

2.5.6 Detail on the significant improvements made in ensuring rigor and transparency in the internal assessment during the last four years and weightages assigned for the overall development of students (weightage for behavioral aspects, independent learning, communication skills etc.

Internal assessment marks will be based on students' attendance. Unit test performance, preparatory examination performance and assignments completed by the students. Fair chance will be given to students to get good internal marks. Before sending to Bangalore University It will be published on the notice board. Students toppers in University exams are awarded with cash prize during annual day to

motivate the students, due weightage is given to students considering their behavioral aspects, regularity, discipline, independent learning and communication skills.

2.5.7 Does the institution and individual teachers use assessment/evaluation as an indicator for evaluating student performance, achievement of learning objectives and planning? If 'yes' provide details on the process and cite a few examples.

Two unit tests, regular assignments, seminars and preparatory examinations at the end of the semester are given, evaluated and the progress is noted to improvise weak students. Marks cards are issued for the benefit of Parents to evaluate the performance along with attendance.

Talents day and other curricular activities are conducted for the overall development of the students. This makes them more confident in both academic and co-curricular activity.

2.5.8 What are the mechanisms for redressal of grievances with reference to evaluation both at the College and University level?

The continuous evaluation method is followed, the unit test books are returned to know their shortcomings, marks card sent to Parents, assignments evaluated.

For any social issues we have redressal committee headed by Principal as chairman, senior staff and other faculties many a times.

We have found that performance at unit test and preparatory examination has enhanced students performance in final examinations. One can examine the marks and performances of students which have been monitored.

Students absent for unit test are given re-test with same paper. Time to time University conducts exam and issues the marks statement it also calls for convocation in case of any delay in results and discrepancy in results are communicated by College through liaison officer to University to set right discrepancy.

Now, recently University has introduced examination adalat where grievances with results of students are solved at University level. University has given option of revaluation and issue of photocopies of answer scripts.

2.6 Student Performance and Learning Outcomes

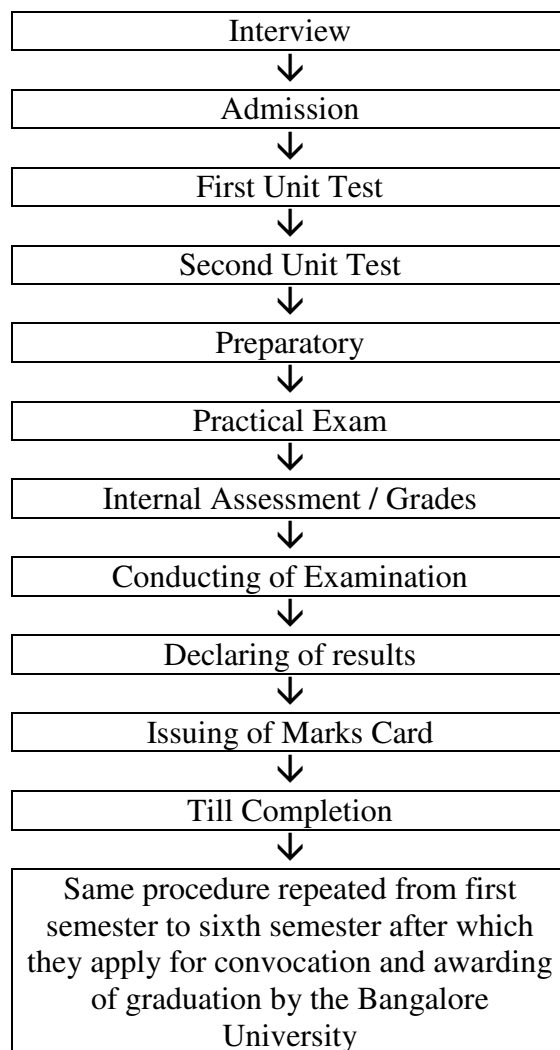

2.6.1 Does the College have clearly stated learning outcomes? If 'yes' give details on how the students and staff are made aware of these?

Yes, learning outcomes are made aware to Staff and students through

- Institution Vision, Mission, Goal and Objectives.
- Interaction with Parents and students during admission.
- Published in prospectus and College magazine.
- Displayed in notice board and all static places in the College.
- During inauguration, Principal will present performance report.
- At the time of orientation of first year. As per University norms student has to clear all subjects in every semester to be eligible to award Graduation by Bangalore University and examination are conducted every semester and students are promoted according to their performance. Other than their marks statement including two unit test, preparatory examination and internal assessment issued by the College, University marks statement are also issued to the student which is treated as final learning outcome on which their graduation is awarded.

2.6.2 How are the teaching, learning and assessment strategies of the institution structured to facilitate the achievement of the intended learning outcomes?

The College is committed in creating an environment where students are supported with teaching, learning assessment strategies from the first step that of an interview with the student and Parent till the student completes his graduation with convocation.

2.6.3 What are the measures/initiatives taken up by the institution to enhance the social and economic relevance (quality Jobs, entrepreneurship, innovation and research aptitude) of the courses offered?

Other than curricular activities as prescribed by Bangalore University College organizes extra curricular and co-curricular activities inviting industrial experts, guest lectures, workshops in association with different organization not only to enhance the knowledge but also to face job challenges awaiting them in the society.

In every final semester minimum 3-4 career guidance programmes are conducted so that students can opt either the profession or further studies.

2.6.4 How does the institution collect and analyze data on student learning outcomes and use it for planning and overcoming barriers of learning?

Through unit test and preparatory examination the students learning outcomes are identified to back up for the poor performance, assignments are assigned. Based on all these students are awarded internal marks to Bangalore University which are counted for semester examination marks conducted by Bangalore University.

Upto 2010-11 internal marks were sent to Bangalore University from 2011-12 onwards grades are awarded to students according to Bangalore University instructions. The above process and procedure helps the students to overcome the barriers of learning.

2.6.5 How does the Institution monitor and ensure the achievement of learning outcomes.

Marks of unit test and preparatory examinations in progress reports are sent to parents to know their wards performance. At the end of semester I.A marks in hard copy and soft copy is sent to Bangalore University. Internal marks are also published on notice boards and the final marks obtained from Bangalore University are handed over to students. Library register, attendance register, test register are monitored to know about students interest in academic activities.

2.6.6 What are the graduate attributes specified by the College/affiliating University? How does the College ensure the attainment of these by the students? Any other relevant information regarding Teaching-Learning and Evaluation which the College would like to include.

At the time of admission prospectus is issued containing much of rules and regulation of Bangalore University as well as College. On the very first day of the College orientation is organized headed by Principal and other faculty members, same is briefed to the students. They are also directed to update the information through newspaper and College notice board for any change in Bangalore University procedure with respect to admissions and examination.

However, in the College notice board almost all the information about Bangalore University are published like admission, examination fees collection, time table of examination, convocation, results, revaluation results, etc. College ensures attainment of teaching learning and evaluation through value added classes, Personality development workshop and shortterm certificate courses.

Best Practices

- The College provides good number of enrichment courses in each discipline.
- Preparation of lesson plan by every teacher covering the University curriculum.
- Classes are commenced every day with a prayer to Almighty for blessing to student in every step of life.
- Budding designers of B.Sc FAD are given an opportunity to showcase the designs during annual fashion fiesta.
- Personality development programmes and workshop are organised with various organizations.
- Every teacher identifies the gap between expected learning and achieved learning based on students performance at various activities.

CRITERION III: RESEARCH, CONSULTANCY AND EXTENSION

3.1 Promotion of Research

3.1.1 Does the institution have recognized research center/s of the affiliating University or any other agency/organization?

– No –

3.1.2 Does the Institution have a research committee to monitor and address the issues of research? If so, what is its composition? Mention a few recommendations made by the committee for implementation and their impact.

There is a research committee to monitor and address the issues of research. The following people form the research committee :

Management : President
Hon. Secretary

Principal : Chair Person

Staff : 1. Department of Commerce
2. Department of FAD
3. Department of Language

Committee motivates the faculty to take up research activity which results in persuasion of UGC/NET, M.Phil., M.Tech. and Ph.D.

List of faculty recommended by the committee for implementation :

Name	Designation	Department	Remarks
R. Parvathi	Professor	Commerce	Ph.D under Dravidian University
Narayanaswamy S.G	Assistant Professor	Kannada	M.Phil
Rangaswamy .H.T	Assistant Professor	Kannada	UGC/NET and M.Phil
Sandhya Venugopal	Assistant Professor	Computer Science	M.Tech
Prathima .B.J	Assistant Professor	Commerce	M.Phil
Puneeth .K	Assistant Professor	Commerce	UGC Entrance Exam
Shilpa .R	Assistant Professor	FAD	UGC/NET Entrance Exam

3.1.3 What are the measures taken by the institution to facilitate smooth progress and implementation of research schemes / projects?

- autonomy to the principal investigator
- timely availability or release of resources
- adequate infrastructure and human resources
- time-off, reduced teaching load, special leave etc. to teachers
- support in terms of technology and information needs
- facilitate timely auditing and submission of utilization certificate to the funding authorities
- any other

– No –

3.1.4 What are the efforts made by the institution in developing scientific temper and research culture and aptitude among students?

The dissertation topic in final year makes the base for their research in future which is according to criteria followed by research students which includes Synopsis, Introduction, Review of Literature, Methodology, Results and Conclusion, Bibliography. This report submission makes them self reliant to face their research in future.

BCA and B.Sc FAD curriculum also consists of research oriented topics. They are encouraged and trained to write their project reports and defend themselves in examination of Bangalore University in partial fulfillment of their degree courses.

3.1.5 Give details of the faculty involvement in active research (Guiding student research, leading Research Projects, engaged in individual/collaborative research activity, etc.

Faculty guiding students (for College projects)

1. Smt. Bharathi.P.S. – 14 projects per year
2. Smt. Shilpa.R. – 14 projects per year
3. Smt. Sandhya Venugopal – 7 projects per year
4. Sri. Sundara Elangovan.S. – 7 projects per year
5. Smt. Swaroopa.K.S. – 3 projects per year

Faculty Enrolled for Ph.D.

1. Smt. R. Parvathi “ Credit appraisal system and review of financing to Industry by Vijaya Bank in Karantaka” – Dravidian University.
2. Sri. Narayanaswamy.S.G. – M.Phil on “Yashvantha Chittalaru Kathegala Adhyayana Matthu Navya Sandharba”.
3. Sri.Narendra.S. –“ Krishna Yajurvedic Kalpakarya Avam Mahairshina Dayanandan Agnikrutham Shoda Samskaram Thulanathmakam Avam Vygnanikam Adyayanam” – Bangalore University.

Faculty Enrolled for M.Phil or M.Tech

1. Sri. Narayanaswamy.S.G. – M.Phil on “Yeshwantha Chittalaru Kathegala Adhyayana Matthu Navya Sandharba”.
2. Smt. Sandhya Venugopal from Karnataka State Open University - M.Phil

3.1.6 Give details of workshops/ training programmes/ sensitization programmes conducted/organized by the institution with focus on capacity building in terms of research and imbibing research culture among the staff and students.

– Nil –

3.1.7 Provide details of prioritised research areas and the expertise available with the institution.

Following are the areas of research topics to students at Under Graduate level for B.Sc FAD and BCA

B.Sc FAD – Embroidery, Painting, Case Study of Industries, Industrial Environment, Revival of Embroideries, Traditional Textile Art, Introduction of new trends, Designing of Costume Jewellery, Designing of Maternity Wear and Children’s Wear and acceptance of the same.

BCA – Project on Visual Programming and Java .net

3.1.8 Enumerate the efforts of the institution in attracting researchers of eminence to visit the campus and interact with teachers and students?

Time to time for the benefit of students for their academic development workshops seminars are conducted for which research scholars of eminence and academician are called for interaction and the benefit is carried forth.

3.1.9 What percentage of the faculty has utilized Sabbatical Leave for research activities? How has the provision contributed to improve the quality of research and imbibe research culture on the campus?

College sanctions duty leave to faculty for participating and presenting papers at National and International Conferences – 60% of Faculty have availed this facility for attending such programme traveling and local conveyance are paid by the Institution. ICT and Library facilities are provided to encourage quality of research.

3.1.10 Provide details of the initiatives taken up by the institution in creating awareness/advocating/transfer of relative findings of research of the institution and elsewhere to students and community (lab to land)

– Nil –

3.2 Resource Mobilization for Research

3.2.1 What percentage of the total budget is earmarked for research? Give details of major heads of expenditure, financial allocation and actual utilization.

Yes the Management has provided a budget sanction for Under Graduate Research activities.

Expenditure on	Financial Allocation	Actual Utilization
Textile Testing, Pattern Making and Construction, Wet Processing, Computers, Seminars, Workshop etc.	2,00,000-00	1,10,000-00

3.2.2 Is there a provision in the institution to provide seed money to the faculty for research? If so, specify the amount disbursed and the percentage of the faculty that has availed the facility in the last four years?

Yes the Institution has provision to provide seed money to the faculty for research activities by providing leave to faculty for participating and presenting paper at National Level Seminar and Conferences. Extending TA / DA for paper presenting and attending.

Following are the faculty benefited

1. Smt. R. Parvathi Rs.15200/- for 2 Seminars
2. Sri. Raghavendra Rs.200/- for 1 Seminar
3. Smt. Prathima.B.J. Rs.200/- for 1 Seminar

3.2.3 What are the financial provisions made available to support student research projects by students?

No Institutional financial provisions is provided

3.2.4 How does the various departments/units/staff of the institute interact in undertaking inter-disciplinary research? Cite examples of successful endeavors and challenges faced in organizing interdisciplinary research.

Nil

3.2.5 How does the institution ensure optimal use of various equipment and research facilities of the institution by its staff and students?

Yes, our undergraduate students of B.Sc FAD and BCA should submit the project to University for partial fulfillment of their graduation which becomes a base for their research in future.

HOD and other senior staff members of concerned faculty are the committee to monitor and address the issue of research. Project will be signed by guide, HOD and Principal later evaluated by external examiners deputed by Bangalore University same way teachers are also recommended to take up the research work. Principal has recommended Narayanswamy, Rangaswamy and Puneeth to pursue pre Ph.D (M.Phil) and Ph.D. B.Sc FAD and BCA faculty have well equipped laboratories. Each guide has been provided with facilities as per the curriculum. Pattern making lab, designing lab and other equipments related with research facilities are utilized by staff and students.

Computer lab, Textile testing lab, Pattern Making and Construction Lab, Wet Processing lab, in which Equipments and other facilities are utilized to the utmost.

3.2.6 Has the institution received any special grants or finances from the industry or other beneficiary agency for developing research facility? If 'yes' give details.

– No –

3.2.7 Enumerate the support provided to the faculty in securing research funds from various funding agencies, industry and other organisations. Provide details of ongoing and completed projects and grants received during the last four years.

Nature of the Project	Duration Year From To	Title of the project	Name of the funding agency	Total grant		Total grant received till date
				Sanctioned	Received	
Minor projects	Nil					
Major projects						
Interdisciplinary projects						
Industry sponsored						
Students research projects						
Any other (specify)						

3.3 Research Facilities

3.3.1 What are the research facilities available to the students and research scholars within the campus?

College follows the calendar of events given by the Bangalore University as well as it has its own calendar of events which reflects on the curricular, co-curricular and extra curricular activities for that academic year.

The College does not feel it is mandatory to judge students knowledge and attitude before admissions, tests are conducted and there is a system of continuous evaluation which counts towards the result of the marks obtained during Bangalore University examinations.

- **Research and Development**

The College encourages the faculty members to pursue their higher education with respect to their M.Phil and Ph.D students of B.Sc FAD and BCA are also guided by the institutional experts to prepare their project which is a part of their curriculum for the partial fulfilment of the degree awarded by Bangalore University by undergoing training at industries and other field areas of their work for indepth practical knowledge.

- **Community engagement**

College organises annually various extra curricular and co-curricular activities to make the students to feel the social responsibility towards the society programmes like blood donation camp, environmental day, inter collegiate cricket tournament, medical programmes ,supporting the government, etc. activities makes the students engage themselves with community services.

- **Human resource management**

Teachers are recruited according to UGC norms of qualification and state government rules (relaxation are given only if teaching faculties are not available). The appointments of both permanent and probationary teachers are appointed on merit and demonstration of their teaching skills.

Reservation policy is also given depending on the faculty in the appointment. During the first year the lecturer will be on probationary and 2nd year onwards their post will be regularised on the basis of their performance on teaching learning process.

- **Industry interaction**

Many guest lectures, workshops, seminars are conducted in association with other industry and organisational experts.

6.2.5 How does the Head of the institution ensure that adequate information (from feedback and personal contacts etc.) is available for the top management and the stakeholders, to review the activities of the institution?

Every year blood donation camp is organized in association with various organizations like Red Cross, Kidwai and shushrutha etc. environmental day is celebrated to create awareness to save the environment.

35. SWOC analysis of the department and Future plans

Strength

Active participation of various staff members and students in the programmes organized by department, healthy relationship between various departments. Gradual improvement in strength and results, Introduction of uniform for maintaining uniformity in individuals, enrichment and Valued added courses introduced.

Weakness

Average number of students admitted to B.Com is from poor background, implementation of any new technology is difficult as most of them are 1st generation learners.

Opportunities

As it is a demanding course in fields like CA, Accounting, financial management there are dearth of opportunities for the students. The CPT and Tally classes also acts as foundation for their future path of opportunity Possessing of higher studies is also an opportunity for this discipline of students and entrepreneur opportunities.

Challenges

B.Com course is mushrooming due to which there is tough competition between neighbouring Colleges. The fee structure, infrastructure, etc. becomes the main criteria for development of the course for self financed institution, no competitive salary or remuneration.

Strength

- Preference is given to girl child.
- Annually fashion show is organized by staff and students.
- Good cordial relationship between students and staff.
- Results are very good.
- Individual attention is given as the total intake and admission are justifiable.
- Enrichment and value added courses.

Weakness

- Very expensive course
- Parents and students are having wrong opinion about this course. They need to be educated more on fashion industry.
- Even though counseling is done during the admission students opt more of general education than B.Sc FAD.

Opportunities

- Bright future in self employment as well as industrial appointment.
- Each students talents are identified and student get opportunity to showcase their skill.
- Excellent opportunities for female candidates.

Challenges

- Admission itself a greatest challenge.
- Changing the view of Parents and society towards this course.
- As this course is breathing due to lateral entry of diploma students from Technical Board to III Semester B.Sc FAD.
- Lack of awareness about the course.

35. SWOC analysis of the department and Future plan

Strength

Ample of professional opportunities await BCA students in academics. Well as job oriented which is totally computer based which is a foundation for hard work and software development.

Weakness

Fluctuation and too much competition from external sources both national and internationally causes problems to the students. Students with logic reasoning and mathematical ability can only flourish.

Opportunities

After BCA course, students are well placed depending upon their knowledge with computer application. Students can take up other short term course during and after the competition of course for well placement other than further studies.

Challenges

Updating students with a test technology and Competing with B.E. and B.Sc courses with more logical reasoning aptitude programming abilities.

35. SWOC analysis of the department and Future plan

Strength

Students get attracted more to Kannada as it is their Mother tongue.

Weakness

Students looking for Hindi and Sanskrit are very few.

Opportunities

To learn any subject languages plays very important role which helps them get job in media, Publication, new channels, journalism.

Challenges

Looking for career in the languages by the students are very few. Most of them desire to pursue general courses or special courses. Student looking for language specialization and higher studies is countable.

Format for Presentation of Practice

Title of the Practice

VET FGC was established by Vasavi Education Trust in the year 25th September 1995. The overall control of the College is extended to the Governing bodies of Trust which consists of President, 3 Vice President, Secretary, Joint Secretary and Treasurer.

There is also an Academic Governing council committee looking after are Administration of the College. This pattern is nothing but

Excellence in education

Goal

The aim of the trust was to bring quality education at College level within the reach of common man. The College started as an affiliated College under Bangalore University offering under graduate courses. The objective of Degree College is pursuing of excellence in education and focus of education is on the personality development of the students and ethical value of students studying in our institution.

College has been striving not only the spread education to masses but also to maintain high quality in academic pursuits.

VET FGC multi faculty Degree College offering a variety of under graduate programmes option available to the students for awarding of Degrees like B.Com, B.Sc FAD and BCA.

The Context

B.Com course is offered to the students of all discipline at 10+2. This is the course which is affordable and also can make a sharp career as an individual as well as at corporate level. Option of further studies is also available at various Universities.

B.Sc FAD is sort of Technical course which is not commonly available for study is most of the under graduate Colleges. This course has been introduced keeping in view for demand in growing fashion industry.

Technical course BCA has been taken care to feed existing software and hardware industry. Students are trained and developed to face the multifaceted challengers of the world.

All the above courses are self financed which is a great challenge to survive in the education field through quality as there are many neighboring Colleges offering the same course at less fees compromising in quality Education.

The Practice

The courses like B.Com, B.Sc FAD and BCA all started during different years. The permanent Teaching staff includes Principal, Head of the Departments, Teaching faculty, temporary staff and office staff shouldering the responsibility of teaching to 410 students studying in various disciplines.

The students are appearing in Bangalore University list since 1995. Our College has consistently has improved results in examination of all faculties and also good improvement in the admissions.

For overall development of Students College supports various services like Library, hostel for boys, canteen facility, Grievances and Redressal cell, vehicle parking slot, auditorium, NSS and other personality development programmes.

Evidence of Success

The Syllabus and Curriculum of the Bangalore University may not address the ever changing requirement of corporate world, hence, College offers enrichment and value added courses in various faculties of Commerce, Fashion Technology and Computer Science. These courses are means to provide the students an opportunity to gain extra knowledge to enable them to pursue their chosen goals and desires.

Admissions are given not only on the basis of merits and economical background of the students. Institution will also give importance to reservation policy of the Government of Karnataka under rules and regulation of Bangalore University. Advertisement is given in the leading national newspaper and also leading local channels. Complete details are placed on VET website www.vetinst.org complete transparency is maintained in the admission process.

The students after admission are assessed through periodical test, preparatory and assignments, seminar, workshops, term examinations, viva voice, project work and pro examination system in semester scheme are also given importance extra periods are conducted by teachers to the students on par wise syllabus of Bangalore University.

Students are closely monitored by class teachers (mentors), advised appropriately. If necessary their ward about academic and personal behaviour of the students. Students admitted are almost first generation learners. Though it is difficult to balance the quantity and quality of students institution has always given preference to upgrading the knowledge through the latest technology.

Most of the faculties are appointed for Bangalore University examination work like chief examiners, valuers, coordinator, squad, paper setters, practical examiners (internal as well as externals), sitting squad, etc.

Most of the students studied in this Institution are well placed in the society.

Problems Encountered and Resources Required

1. The Institution, being affiliated to the University of Bangalore has limited role in developing the perspective institutional plan. The College develops plans to comply with the broad guidelines being issued by the University and the Government from time to time in the successful conduct of the Academic programmes.
2. Most of the students are first generation learners and students from such back ground are difficult to adjust with academic concept and latest technique. Still institution will try to communicate and bring up the students records through parent teacher meeting and counseling the students.
3. As per the UGC norms Ph.D, SLET / UGC / Net are compulsory qualification to be appointed as faculties. It is very difficult to get such eligible candidate. Hence institution promotes existing faculties to take up research work and acquired necessary qualification by ensuring the stability of staff member by sanctioning reasonable increments.

4. Fees collected from student is as prescribed by University is not sustainable to pay UGC scales to the faculties. Therefore institution follows its own scale of pay which is much below the UGC standard scale. However there are post graduate qualified candidates and those who are pursuing research work are available for appointment to teaching. Institution with its goodwill and good working environment could able to sustain the senior faculties.

5. With reference to appointment and admissions institution trying hard to maintain roster system as per the UGC norms and government regulations in care. Non availability of category candidates seats are allotted to general merits.
